

Submitter: Kelley CathcartCathcart

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I firmly support our voting by mail process, it gave me time to fully read and understand all ballot measures and drop off my ballot in a secure place without being hampered by poor weather, possible illness or children needing an emergency ride to a friend's home.

Voting by mail is safe and secure and has been proven as such. Voting in person places an undue burden on elderly, and people with limited transportation.

Keep Oregon Voting! Vote by mail!
