Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail in voting has never increased or encouraged more people to vote, it only cost our state more money and increased fraud and lengthened the process to get decisions. In person voting is the safest, most reliable and form of voting. In-person voting secures that ONLY legal Oregonians vote, completes the voting process in a day, costs less to administer. It is the most cost effective and secure form of voting and this state needs to rein in spending so this would help to that end. Mail in voting has been a complete failure and needs to be abolished.
