Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a lifelong Oregon resident, I vehemently oppose this bill. The vote-by-mail system is convenient and democratic. It allows residents to vote on their own time, enabling a more flexible system for those who don't have the means, privilege or ability to stand in line for hours. Some have concerns about fraud, but there are plenty of checks and balances in the system. I personally have had to verify my signature twice to confirm my identity. Tell Trump and his cronies to stay out of our system that has worked for Oregonians for years.
