Vote by mail has effectively worked for decades. Over the years, Oregon has had almost non-existent fraud. At the same time, voting numbers have been higher and has been found to be especially important for people who work shift hours, have transportation issues, and those with children and daycare issues. Vote by mail is also important for those who travel, for snowbirds, and for people with disabilities.

Oregon has been a leader in vote-by-mail and needs to continue the option.
