SB210

I oppose making in-person voting on the date of an election the standard method for conducting an election. As a college student I cannot guarantee I can make it to a location to vote in person due to classes and work. It is unfair to force students to decide if they should go to class or work, or go vote. In some cases they may not be able to miss class due to an attendance policy, or miss work due to needing to work to afford school and living.
