

Submitter:

Karen Rudisill

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Getting rid of mail in voting would severely harm the people's voice in elections as many people in Oregon cannot get the time off to go and vote in person and the wait time to vote would also destroy people's enthusiasm to vote. Our elections have safe and certified for a long time. To change it now has absolutely no true benefit and only serves to uphold voter suppression.
