Measure, Appointment or Topic:	SB210

I firmly oppose passage of SB210, removing our long-held process of voting by mail. This system has worked wonderfully for many years. We have been leaders in example for the rest of the country how successfully mail-in voting works.

I strongly oppose demanding in-person voting. I am a frequent traveler and this change would make it very difficult for me.

Please respect my opinion and vote. No, on SB 210. Don't change what's not broken.

Respectfully submitted
