

Submitter:

D Myers

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is OFFENSIVE! Oregon has a long history of vote by mail without significant or meaningful fraud or irregularity. What next, DNA tests to ensure we are white enough, the correct gender? I am a Staunchly Independent voter who has voted for 4 different political parties at the federal level over the years. This bill is put forward by people who want the US to be more like Russia, North Korea, or China! STOP THE BS!
