Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To whom it may concern

Voting by mail in Oregon has made voting simple and everyone has an opportunity to actually vote at the time that they want/need/are able to vote. We have eliminated long lines, missed work, expense to manage a voting center, including rent and additional expenses of tables and questionable equipment

Please do not change the years of successful, simple, stress-free voting offered to Oregonians, and that is to VOTE BY MAIL!
