

Submitter:	Christine Lentz
On Behalf Of:	SB210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Voting by mail has been available by mail-in ballot for years in Oregon. It has been very successful. It is private but secure, and accommodates those with challenging work schedules. It also honors and respects citizens and registered voters with disabilities equally with others. It allows secure voting at any hour without the discrimination of long lines and limited access. It invites and supports full participation. We should retain mail- in ballot voting in Oregon. I oppose in-person voting at voting stations.
