SB210

ABSOLUTELY NOT on this bill. Oregon mail in voting is efficient, effective, transparent, accurate and critically important for every Oregon citizen's unique voice to be heard. The sponsor and introduction of this bill is a disgraceful disservice to all Oregonians and erosion of public trust. The bill should never have made it to a hearing and it must be scrapped in its entirety.

Oregonians entrust their legislative members with the highest trust and honor of public service that serves Oregonians. We implore the esteemed members of this committee to stand up straight and tall for Oregonians and Oregon State rights, vote no and scrap this bill.

Thank you.
