

Submitter:

Tess Chadil

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I love voting by mail. I appreciate being able to sit down and research the measures as I'm voting. I appreciate being able to participate in all elections regardless of work or childcare obstacles that would prevent me from getting to a voting booth. This bill is a transparent attempt to making voting less accessible to people and will result in reduced voter turnout.
