Mail in voting makes civic participation fair. If you are a parent of young children, getting to a polling place may be impossible. If you have a job that doesn't allow you the freedom to vote in person, mail in voting allows you to vote. If you are an in home care giver of an elder, or disabled person, mail in voting makes voting possible. If you do not own a car, and live a distance from a polling place, mail in voting is crucial, especially for rural residents. Mail in voting should be nationwide. It is unconscionable in a democratic society to force people to go to a polling place. Do not repeal mail in voting.
