Chris Berrie

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon is a pioneer in vote by mail. It makes voting easier and more accessible for all. We do not need to become more restrictive in our voting methods. This is typical, conservative lie to enable voter suppression, which is the only way they can win elections. Disenfranchising many voters for a minute level of voter fraud, less than .1%, is a ridiculous waste of time and resources.
