

Submitter: Terry Taylor

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please retain all mail voting in Oregon. It has been proven to increase voter participation. It aids those who are older or infirm who can't travel or wait in long lines. As a retired political science professor, I can't imagine going back on Oregon's innovation of mail voting that has been so successful and a model to other states.
