SB210

Please oppose this measure. Oregon vote by mail has been extremely effective. As a crippled retired person, getting to a voting booth on a particular day would be difficult for me and many others. Prior to vote by mail, years ago, when I was working, voting at a booth took hours away from my job. Also, I felt hurried to get the form punched in while the 3 hour line put pressure on me and others. Please don't go back to the dark ages on this. Vote NO on this measure. Thanks.
