Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Dear Senators,

I am opposed to this measure. There is no factual reason for it; there is very little evidence for any voter fraud. This measure would make voting extremely difficult or impossible for a large number of people, especially those in rural areas, with disabilities, or with jobs that do not accommodate time off for voting.

Do not take away our access to safe and easy voting.

Sincerely,

Kimberly Switzer
