

Submitter:

Barbara Kutasz

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote NO! Vote-by-mail is more secure than in-person voting because the paper ballot is retained, creating a reliable paper trail. Vote-by-mail allows people without flexible work schedules to cast their ballots. Vote-by-mail allows people with disabilities to vote independently, without relying on someone else for transportation. Oregon has our nation's highest voter participation rate because of vote-by-mail. The only purpose of SB 210 is to disenfranchise Oregonians.
