

Submitter:

Shelley Peters

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Before Oregon started by mail voting, I was resistant. I enjoyed the experience of seeing others on election day and the ritual of it all.

But I am a convert. It is much more convenient and I value having paper proof of my vote. Most of all, I value how it enables working parents and others with busy schedules to easily exercise their prerogative to vote. I believe it helps promote democracy and ensures transparency and prevents fraud.
