Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do NOT take away our right to vote via mail-in ballot and make in person voting mandatory. People cannot always get the day off from work or take a vacation day or afford to take a day off to go and vote. Mail in ballots are important and by taking them away you would be severely limiting people's ability to vote. This is NOT okay and not something for which Oregon stands.
