SB210

I would love to see SB210 passed. In the years since we have had mail-in ballots, I do not believe we have had fair elections. I believe it has been one party the whole time. I believe that election fraud is a very real thing and I believe that our state especially suffers from this. I would love to see in person voting. We use that as civics lessons for my children all of their lives until we couldn't anymore. This is a very important make it or break an issue for me
