Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I adamantly oppose SB210. Oregon has been one of the leading states to use vote by mail for over 30 years. We in Oregon, have shown that voting by mail has increased voter participation, and overall integrity of the election process. Oregon voters overwhelmingly chose the method of vote by mail, which allows disabled and working constituents to thoughtfully make their election choices. Oregon vote by mail was decided by Oregon voters. We DO NOT need or want federal interference.
