I strongly oppose the removal of "vote by mail" not only in Oregon but everywhere. Voting by mail allows people to take their time to review, reflect, carefully consider candidates/measures/bills, and vote in the privacy of their own home. It also decreases strain on workers at voting polls, it decreases traffic, it promotes independence, and it is definitely easier for voters who are mobility impaired, altered, immuno-compromised or reliant on medical transportation. Removal of vote for mail is incongruent with basic civil rights. It is not only wrong, but petty and smells of ulterior motives of the current administration to own the voting process. Thank you for your consideration of my voice and submission.

Sincerely,

SJ
