I strongly oppose SB210. This is yet another attempt by Republicans to restrict voting because the more registered voters that vote, the more likely Democrats are to win, especially in this state. There are many reasons why voting in person may be challenging for people, especially the elderly, the ill, and people in rural districts, people who travel, and everyone who works for a living and finds it difficult to get off work in order to make it to the polls. States like Oregon that practice mail in voting are the envy of all other states, except among those who want to restrict voting for political purposes. SB210 is BS.
