SB210

I am opposed to this measure. Oregon has one of the best functioning systems now, allowing people to be able to vote from home. No long lines, no conflicts with accessibility, job schedules, childcare, etc. I would assume that vote by mail lowers the cost of elections for the government also. There have not been any major problems with vote by mail since its inception. It makes no sense to go back to having to vote in person when vote by mail works so well
