

Submitter:

Richard A. Lovett

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon since 1988, and have been voting by mail since it was first introduced. I have found it convenient, safe, and a good way to make considered decisions. Abolishing it would be ridiculous. The preventions against fraud are rigorous, and I am confident that my vote is protected. There is no rational reason to repeal it.
