

Submitter:

Carolyn Reid

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

No to this bill. It discriminates against people who aren't mobile, who struggle to get out of the house for mental and physical health reasons, who struggle with transportation, who must work extended hours to pay bills and contribute to society, who have children and dependents to look after, who travel for work, and a myriad of other categories.

NO.
