Natasha Goskirk

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is ridiculous!!! We have to keep mail in votes. The current administration wants to discriminate against people who don't have transportation or are not able to make it to the polls, they are discriminating against the working class and poor who may not be able to take a day off work to vote. We have to keep mail in votes. This is the fair thing to do.
