

Submitter: Benjamin Kenneally

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I vehemently oppose SB210. Voting as is works better in Oregon than in any other state, with no proven issues. The only reasons to change it I can envision are to attempt to gain some upper hand for their party by disenfranchising certain voters, or out of abject fear of voter fraud that there is no evidence to back up.

Keep our current system, it serves us well.
