

Submitter: Cheryl Barham

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

We have fair and safe elections in Oregon! Vote by mail encourages turnout and we should all want a more engaged electorate. People don't have to take off work, find child care, etc. to be able to vote. Paper ballots receive multiple levels of signature verification, which I've seen in real time when I worked at the Multnomah County Elections Office. Why would we want to change our system of voting in Oregon to go in a direction that results in long lines and unequal access? Vote no on SB120!!!
