

Submitter:

Debra Seeck

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I fail to understand the reasoning for this bill or for President Trump's stance on the issue. If anyone can prove what percentage of votes are fraudulent and submit that to the public, and if that percentage is unusually high, I can understand the reason for this bill. But so far, not once has that kind of information been published. Please, let's move on. This is a waste of taxpayer of dollars.
