Thank you. Voting by mail has provided many of us the opportunity to vote. It provides those without transportation the free, secure, convenient and private opportunity to cast their vote. No one needs to feel rushed during the voting process. Vote by mail gives time to read up and really get a feel for what you're voting for. Those of us who are minorities, have been harassed and hated outside of voting polls. I feel SAFE voting by mail, especially now with the rage that people carry around like a glass of water.
Thank you.
