SB210

I have voted in Oregon under the vote in person at my polling location and under the vote by mail. I firmly support the vote by mail process. People vote in better numbers with vote by mail than vote in person. As a democracy we want to encourage the most participation as possible and have access for those unable to readily show up at a polling location. Voting in a democracy should not be made more difficult for those with reduced mobility. Fraud is not an issue. So what is the valid need to revert to vote in person. I ask you to vote against SB 210.
