SB210

I have been a registered voter for over 55 years. Vote by mail has enabled me to become a more consistent and well informed voter by giving me the convenience and opportunity to take my time to consult the voter pamphlet in depth while completing my ballot without the stress of having to get to a polling station within a certain period of time, find parking, stand and wait in long lines, and feeling rushed to complete my ballot so the next person in line can access the privacy booth. I truly believe that vote by mail has improved voter turnout which is so important in the current political environment.
