Sara Hasan

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not take away voting by mail. Real, productive people (including this working mom of three) need the flexibility to do our due diligence on our own time and to cast our votes at a time that is convenient. Removing the vote-by-mail option will cost me and my family real time and undue effort. My absence from work to vote in person would also cause a significant burden for my employer.
