

Submitter:	Lea Bergman
On Behalf Of:	SB210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

My sister was almost blind and vote by mail allowed me to read her the ballot measures and mark her choice. I know that signature verification works too! As her vision deteriorated her signature changed, her ballot was challenged and we were able to have a new signature recorded, her ballot was re-submitted and accepted. Later, as she was physically unable to stand in line at a polling station she was able to vote.

Having voting on a Tuesday, during work hours, means that there are people denied their right to vote!

Save vote by mail!!

Lea Bergman
