Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a child I looked forward to going with my mom as she did her civic duty. When I became an adult I would go to the polling booth with anticipation and hope. Mail in ballots make voting not special. I also feel there is a lot of fraud going on with mail in balloting. We al need to do our civic duty and take the time to show our support for our country.
