

Submitter:

Connie Bettencourt

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This measure which is designed to suppress voting is an embarrassment to the state of Oregon. Our secure and fair system works as designed which is to make it safe, easy and convenient for all eligible voters to vote in every election. Oregon's way of voting should be an example of the way every state votes. I strongly oppose any attempt to dismantle our current vote by mail system.
