Submitter: Mela Seaver

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by Mail is accurate, and efficient and accessible for everyone. I have lived in other states where you have to go in and vote in person on election day and I have stood in line for HOURS waiting to vote. Vote by Mail has worked well for decades here. Why get rid of something that works? I always have to work in Election Day, and I work 10 hour shifts. Is election day going to paid state holiday now?
