Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I oppose in person voting for myself and my family due to the following reasons.

1) my 93 year old grandmother who recently had a stroke would not be able to stand in line or even sit in line on a cold November day for hours for her turn to vote.

2) my 32 year old special needs daughter has last stage heart failure and needs a heart and a lung transplant who has chronic respiratory failure in no way shape or form could stand in line to vote.

3) I have a job that i would not be able to get off work in order to vote..and if I were to stand in line during my break and I had to go back to my shift because of time constraints I would not be able to cast my vote. I'm very much into politics and want my vote to count for the things I believe in.
