

Submitter: Benjamin Snyder

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

SB 210 would be extremely harmful to fair and open democracy in Oregon, I and request that all members oppose this bill. Vote by mail has been proven to be a safe, secure, and legal means of voting that expands the breadth of voices heard in our society. This bill aims to disenfranchise voters and ensure that legal votes are not counted. All principled members should reject this bill on principle regardless of their party affiliation.
