On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Thank you for taking my comments. I oppose this bill because we have a system that works well right now. Why waste money to go back to a system that has been replace by a better system for all citizens. Not everyone has the luxury of time to vote in person. In an ideal world we would be working to insure that all citizens can vote.

Sincerely,
Robert Amundson
