SB210

Yet another anti-democratic bill. The Republican party seems hell bent on placing more and more barriers on the peoples' right to vote. Oregon's mail in voting system is one of the smoothest, safest and most transparent in the entire Union. Why are Republicans so fixated on pleasing their Orange God King when they claim to be the party of freedom.

There is no fraud. Illegals are not voting en masse. Republicans just cannot stand the idea of free, open, democratic elections, maybe because they overwhelmingly lose elections when vote counts are high? History will not be kind to you.

Oppose this bill.
