

Submitter:

Sarah McMahon

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Until moving to Oregon four years ago, I lived in a state that didn't have a mail in option. It was extremely challenging coordinating being at the polling location during the designated time and working full time. There was always a line and took more time than it should. Having the option to take the time to review who you are voting for has made me make more educated voting decisions.
