Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please do not take away my right to vote by mail. Because of our vote by mail system, I have time to review candidate and measure information at my leisure as I fill out my ballot. This helps me to be a more informed voter. I'm also able to vote at a convenient time for me and do not have to schedule time away from work and my responsibilities as a parent in order to exercise my right to vote. A democracy thrives when citizens are supported to participate in elections at the local, state and national level.

Vote by mail has repeatedly been shown to be a secure way to vote and I ask you to continue to allow me that freedom in Oregon.
