

Submitter: Barb Ralston

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail has opened the door to fraudulent elections and I no longer have confidence in our election process.

Oregon has been sued over the number of unqualified voters on our voter rolls.

I want in-person voting on election day where voters are required to show they are Citizens of the United States and qualified to vote in Oregon for all Oregon elections.

I strongly support SB 210!
