Measure, Appointment or Topic: HB2803

I am adamantly opposed to HB 2803. OWRD has done nothing but increase fees, expanded their budgets and hired more office staff within the last 2 years. Increasing fees only hurts those that rely on water for their agricultural business, as well as municipalities. HB2803 increases almost all water related fees by 135%! No more increases for OWRD until we see some actual results of them performing their duties and listening to the local concerns regarding water issues in each area.
