SB210

I can Not Believe this is even an issue for Oregon. Voting by mail is working and has been working Great for so many years!

I remember when it wasn't available I would rush home from work, on the bus cuz I worked downtown. Picked up my car, drove to my daycare, grabbed my kids and RUSHED to where I was assigned to vote... it was so STRESSFUL!! It will definitely keep people from voting- people are way too busy! Some working 2 & 3 jobs! I am sure Voting by mail in Oregon has increased the number of voter turnout!! PLEASE PLEASE DONT GO BACK TO VOTING IN PERSON!!!

Thank you for considering my objection to this horrible Bill.
