

Submitter:

James White

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

SB210 would be a large step backward for Oregon elections. Voting should always be made less difficult rather than the opposite. We led the nation in mail-in voting and it has been a total success. The agenda of the proponents of SB210 is unknown as the staff summaries are useless. The fact that the proposal will be referred to Oregon voters guarantees that this entire matter is a waste of time and resources.
