I oppose this bill as I feel it would disenfranchise Oregon voters. Many people would not be able to vote if they have to vote in person. It would take a lot more effort for elderly or disabled residents to vote in person and they may or may not be on top of making sure they have a mail-in ballot as the exception. Also our mail-in ballot method has been working great in Oregon. I don't see the need to change it, or how this would improve the system. I imagine this bill also wants us to use computer-based voting machines which I don't trust at all these days. Sounds like another way for some corporation to make money using their machines. We need to stay with our tried & true mail-in voting system!
